- ✓ Check for local disaster warnings and updates
- ✓ Check with your accommodation provider for advice
- ✓ Follow local authorities instructions to leave early, shelter or evacuate
- ✓ Keep essential belongings with you and remain calm

Australian warnings

When a natural disaster occurs, warnings are issued to let you know what is happening and what to do. The national warnings cover **bushfire, cyclone, storm, flood and extreme heat**.

	Advice	Watch and act	Emergency warning
Warning level			
Warning information	An incident has started. There is no immediate danger. Stay up to date in case the situation changes.	There is a heightened level of threat. Conditions are changing and you need to start taking action now to protect you and your family.	An Emergency Warning is the highest level of warning. You may be in danger and need to take action immediately. Any delay now puts your life at risk.
Warning actions	<ul style="list-style-type: none"> ✓ Check local warnings for updates and advice ✓ Check with accommodation provider for advice ✓ Gather essential items (medications, battery powered radio/torch, cash, first aid kit, water, documents) ✓ You may choose to leave for a safer location, if safe to do so (check roads first) 	<ul style="list-style-type: none"> ✓ Follow local advice to leave an area if required ✓ Find out where to go from: local ABC radio station, authorities, local council website or accommodation / tour provider ✓ Keep essential items with you ✓ Make sure you are prepared to leave quickly if the situation changes 	<ul style="list-style-type: none"> ✓ Evacuate now or shelter in accommodation / evacuation centre ✓ If life or property is threatened dial Triple Zero (000) for police, fire or ambulance ✓ Remain indoors until it is safe to leave ✓ Do not re-enter evacuated building
